## **For Immediate Release**

### **Asteres Inc. Expands ScriptCenter into Hospitals Nationwide**

**San Diego, CA** December 6, 2010 - Asteres Inc., the industry's first provider of automated prescription pickup kiosks for retail, hospital, and military pharmacies, announced today their continued expansion into new hospital locations across the country. Hospitals are installing ScriptCenter to provide a quick and convenient prescription drop-off and pick up service to hospital employees, especially those who work when the pharmacy is closed.

"Asteres has had an exciting quarter with new installations in Delaware, Pennsylvania, and Wisconsin. Receiving additional State Board of Pharmacy approvals in new states has allowed us to expand our current install base," said Mark Currie, Vice President of Sales. "We are thrilled by the activity we are seeing and we look forward to continuing to prove the value of ScriptCenter in hospital and healthcare systems."

"We needed a solution to generate additional prescription volume, said Sebastian Hamilton, RPh, MBA, Manager, Outpatient Pharmacy Operations at Christiana Care Health System Pharmacy in Wilmington, DE. "We knew there was an opportunity for more prescription business with our third shift employees. ScriptCenter was the perfect solution to capture more employees without having to increase labor costs."

How it works for patients:

- 1) Enroll for ScriptCenter (one-time) to create unique ID and PIN
- 2) Order prescriptions as usual
- 3) Pick up and pay for prescriptions from ScriptCenter... anytime

How it works for pharmacy:

- 1) Fill prescriptions as usual
- 2) Link ScriptCenter prescriptions to bar-coded containers
- 3) Load prescriptions into ScriptCenter for pick up anytime

Asteres' ScriptCenter will be demonstrated in Booth 1671 on the ASHP Midyear Exhibit Floor in Anaheim, CA December 6-8.
