

With ScriptCenter 24/7 Automated Pharmacy Services, you can reduce lines in your pharmacy and deliver prescriptions even when the pharmacy is closed. Locate ScriptCenter anywhere on base to give your patients access to their prescriptions where they frequent most... BX, PX, Commissary, etc.

24/7 Automated Pharmacy Services™

- Locate Anywhere on Base
- International On-Site Support
- Patient Enrollment at ScriptCenter
- Biometric Access (pharmacy & patient)
- Single and Batch Loading
- Deliver Oversized & Bulk Items
- Automated RTS Compliance
- Photo & Signature Audit Trail

Patients Enroll at ScriptCenter, no pharmacy assistance required

Easy as 1-2-3!

- Call Up - Patients order prescriptions through AudioCare (IVR) and select ScriptCenter as pick up location.
- Fill Up - Pharmacy staff fills prescriptions as usual and loads them into ScriptCenter.
- Pick Up - Patients follow ScriptCenter's easy screens to pick up prescriptions.

Take control of will call from fill to delivery with ScriptCenter 24/7 Automated Pharmacy Services. Easily load multiple prescriptions without having to worry about specific slots or locations. ScriptCenter's bar-code technology will locate each prescription and with three bar-code checks, ScriptCenter delivers the right prescription to the right patient...every time!

Loading prescriptions is Easy!

With ScriptCenter's advanced technology, pharmacy staff can access the back or front of ScriptCenter with their fingerprint to easily batch load multiple prescriptions at once.

Deliver bulk items with ScriptLocker®

ScriptLocker is a configurable auxiliary unit integrated to ScriptCenter, which stores and delivers oversized items.

24/7 Service and Support

When you add ScriptCenter to your pharmacy, you get far more than our revolutionary technology. You get a team of dedicated professionals supporting you worldwide... 24/7 - 365 days a year.
